Using the Go Reading! artwork

Go Reading! illustrations create a series of **8 different double-sided trackers**. The front side of each tracker lists the genre or categories of books to be tackled; the reverse allows children to record the titles they have read.

Go Reading! is a collection of **specially-commissioned artwork** for you to print off and use in a variety of ways: - as double-sided "trackers" (leaflets) for each child
- as single-sided sheets to pin up for display
- as single-sided sheets for reading files

Go Reading! designs are copyright to Devon School Library Service / James Young but you can print off as many copies of the designs as you require for educational puposes.
