How to run Ready, Steady, Read! in your school

Ready Steady Read! is a collection of specially-commissioned artwork on a castle theme. The inside of each tracker lists the genre or category of books to choose from; the reverse allows children to record the titles they have read.

When children have read a book from a genre, they can choose a sticker to put over the title of that genre to add characters to their castle picture. Children should be encouraged to talk about the book they have read with their teacher, peers, reading buddy, parent or carer.

There is a fun activity for each year group to enjoy when they have finished their tracker. To celebrate their success the children can be presented with a Ready, Steady, Reader certificate in assembly.

The tracker sheet will print out as a double-sided A5 leaflet in black and white or colour.

Ready Steady Read! designs are copyright to Devon School Library Service/James Young but you can print off as many copies of the designs as you require for educational purposes.

This complements our earlier publication for older children: Go Reading! aimed at Years 4–7. Buy both together and get £5 discount!

Using the Go Reading! artwork

Go Reading! illustrations create a series of 8 different double-sided trackers. The front side of each tracker lists the genre or category of books to choose from; the reverse allows children to record the titles they have read.

Go Reading! is a collection of specially-commissioned artwork for you to print off and use in a variety of ways:

- as double-sided 'trackers' (leaflets) for each child
- as single-sided sheets to pin up for display
- as single-sided sheets for reading files

Go Reading! designs are copyright to Devon School Library Service/James Young but you can print off as many copies of the designs as you require for educational purposes.
